JOB SUMMARY

Working as part of the Multi-disciplinary Project Team and under the guidance of the Team Leader, your responsibility is the efficient and effective delivery of a low threshold primary health care service to people who are actively involved with, or affected by, problem substance use. Working closely with a GP from the SafetyNet service you will provide medical assistance to service users, run daily surgeries at ALDP, advise ALDP staff on all medical matters and advocate on behalf of service users. In addition to your nursing role, you understand that ALDP believe strongly in the value of building relationships with our service users. As such, a key element of your role will involve engaging with service users in the drop-in service on non-medical issues.

Whilst the organisation takes every step possible to ensure the safety of it's staff, it is important to be clear that due to the nature of the work carried out at the Ana Liffey Drug Project, it is likely that you will experience aggression in the work place and there is a risk that you may be verbally or physically assaulted. You will receive training in how to avoid and manage these situations; however, in the unfortunate event of an assault taking place, the organisation will provide full support to assist you to overcome this.
